

## **Political Statement on Cyprus**

Antonios Demetriades, President of the Seniors Organization of Cyprus, informed the ESU-Presidium about the Turkish drilling activities within the exclusive economic zone of Cyprus. He underlined the expectations of the Cypriot population to find a functional, lasting and sustainable solution to the Cyprus problem.

The ESU supports the seniors of Cyprus in their concerns about their country and calls on the European Council and the EU's foreign service to follow the developments very closely. The ESU hopes that the continuation of creative dialogues and greater international support will bring a final solution for the Cyprus issue and will address the key concerns of people.
